Comments/suggestions to the consultation	FEBEG thanks Elia for having the opportunity to provide comments on the proposed amendments to the general conditions. Please find below 2 small suggestions which would improve the text: -1.6.2 Direct Damages: … "Except in case of deception or deliberate fault….": the word "deception" and "deliberate fault" are quite unusual. We propose to use "willful misconduct" and "fraud" instead (much more standard). -I.7.1 Emergency situation: we propose to add at the end of the last sentence : "as far as this situation is not a force majeure for the Service Provider". For the remainder we have no substantial comments to make. Do not hesitate to contact me if you have questions and/or remarks.
